Dear Jesus,
 as You led the Three Kings to You by the light of a star, please
 draw us ever closer to You by the light of Faith. Help us to
 desire You as ardently as they did. Give us the grace to
 overcome all the obstacles that keep us far from You. May we,
 like them, have something to give You when
 we appear before You.

Amen

Reconciliation/Confession:
 Thursday 5:30-6pm
Baptism: by appointment
Marriage Prep: Notify the
 priest six months in advance.

 His countenance upon you, And give you peace.

Happy New Year

**From:
Bishop's Statement on
Tornadoes**

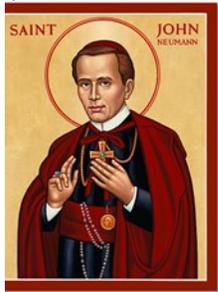

"Each of our parishes and missions are asked to take up a collection for the victims of the tornadoes as soon as possible. The Diocese of Lexington will quickly pass on those funds to Catholic Charities of the Diocese of Owensboro."

**We are still accepting donations for the relief efforts and needs of those affected by these storms.
Thank you for your generosity.**

St. John Nepomucene Neumann

(1811-1860),

God sees every one of us; He creates every soul . . . for a purpose. He needs, He deigns to need, every one of us. He has an end for each of us; we are all equal in His sight, and we are placed in our different ranks and stations, not to get what we can out of them for ourselves, but to labor in them for Him. -

YEAR OF THE FAMILY- Words from Pope Francis

Pope Francis addresses the need to educate on the use of communications and entertainment media.

..."it is clear that the media cannot replace the need for more personal and direct dialogue, which requires physical presence or at least hearing the voice of the other person. We know that sometimes they can keep people apart rather than together, as when at dinnertime everyone is surfing on a mobile phone, or when one spouse falls asleep waiting for the other who spends hours playing with an electronic device. This is also something that families have to discuss and resolve in ways which encourage interaction without imposing unrealistic prohibitions. In any event, we cannot ignore the risks that these new forms of communication pose for children and adolescents; at times they can foster apathy and disconnect from the real world. This 'technological disconnect' exposes them more easily to manipulation by those who would invade their private space with selfish interests."
